Flu Season- Flu, Covid, and Strep- Push adequate handwashing and covering cough.

March is National Nutrition Month- Suggestions?

Next meeting - April 1st

Adjourn

Senate Bill 920 – Changes to Medication Administration in Texas Schools

Senate Bill 920, recently approved by the Texas Senate and signed by Governor Abbott, amends Section 22.052 of the Texas Education Code and Section 301.151 of the Texas Occupations Code (the Nursing Practice Act).

Key Provisions

- **OTC Medication Administration Without a Provider's Order** – School nurses and other district-designated employees may administer nonprescription over-the-counter (OTC) medications to students without a healthcare provider's order if:
 - There is a **district policy** in place that allows the administration of nonprescription OTC medications without a healthcare provider's order;
 - A **written** request is provided by the **student's parent or legal guardian**;
 - The medication is **unexpired, in its original container, and properly labeled**;
 - The **dosage given matches the instructions on the label**.
- **Liability Protections** – Schools and their staff, including nurses, are immune from civil liability and administrative disciplinary action when medications are administered in compliance with law and district policy.
- **Volunteer Providers** – Licensed physicians and registered nurses who volunteer in schools (and are covered by liability insurance) may administer both prescription and nonprescription medications to students.

Implications for School Nurses

- SB 920 does not require school districts to revise existing policies, nor does it prevent districts from continuing to require provider orders for all medications.
- Nurses should review and follow local district policies regarding medication administration.
- While SB 920 removes the requirement for a healthcare provider's order for OTC medications, nurses remain accountable to the minimum standards of nursing practice under the Nursing Practice Act.

The Texas Board of Nursing recognizes the essential contributions of school nurses to student health and safety, and encourages continued vigilance in promoting safe medication practices, stabilizing conditions, and preventing complications.

For any questions regarding medication administration, please contact the Texas Board of Nursing at webmaster@bon.texas.gov or call the Nursing Practice line at 512-305-6802.

School Nurse Resource

February 2026

In February, we will discuss American Heart Month, Heart.org: School Programs, Teen Dating Violence Awareness, and National Children's Dental Health.

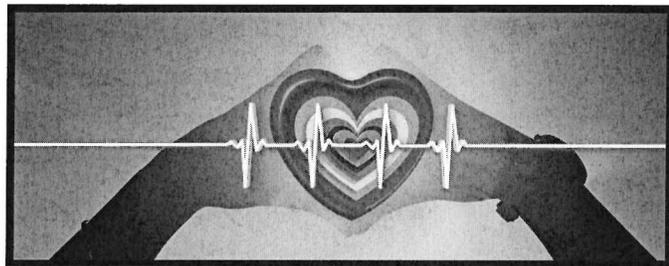

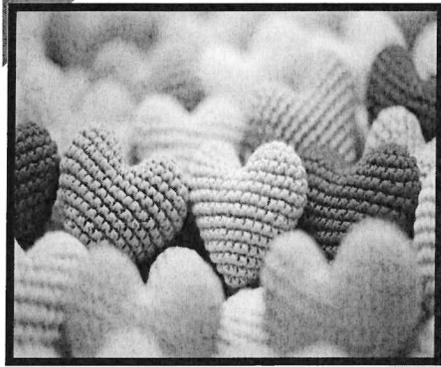

Happy Valentine's Day

American Heart Month

February is American Heart Month!

A time when all people – especially women - are encouraged to focus on their cardiovascular health. Heart disease is very common. In the United States, heart disease is the leading cause of death for men, women, and people of most racial and ethnic groups. In 2022, 1 in every 5 deaths in the United States was caused by heart disease.

- For sharable and printable tools in English & Spanish, Visit: <https://www.cdc.gov/heart-disease/php/heart-month/index.html>

Heart.org: School Programs

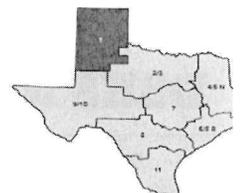

For nearly 50 years, the American Heart Association has been partnering with educators in elementary, middle and high schools across the nation to help educate students about healthy living.

The Kids Heart Challenge and American Heart Challenge are service-learning based fundraising programs that give students the opportunity to feel good, while doing good.

It's a way for students to better their life – all while changing someone else's.

Students, families and staff will also learn valuable life skills, including how to make smart food choices, the importance of avoiding vaping/tobacco and the lifesaving skill of hands-only CPR.

Good afternoon, Tanya,

I am helping another Region this week and we have a **new Dentist starting March 16th**. They don't want me scheduling anything until he comes on board and gets Calibrated. Hopefully, **by late April early May I will begin scheduling**. I'm excited to work with you again.

*Good morning! I hope you are having a great day.
I am emailing to see when we can schedule a day for Smiles in Schools to come to Clarendon ISD. I know you said you make it around about every other year, so I would like to schedule for next school year.*

*Tanya Burton

Minutes of the February 11, 2026 Meeting of the School Health Advisory Council (SHAC)

SCHOOL HEALTH ADVISORY COUNCIL (SHAC) CLARENDON CONSOLIDATED INDEPENDENT SCHOOL DISTRICT

Minutes of the Meeting February 11, 2026, 3:40 p.m. School Library

The School Health Advisory Council of Clarendon Consolidated Independent School District met at 3:40 p.m., Wednesday, February 11, 2026, at the school library. Tanya Burton presided. The Committee members listed below participated:

Ms. Tanya Burton	Ms. Rachel Wade
Ms. Kimberly Harper	Ms. Leslie White
Ms. Tammie Johnston	
Ms. Jenifer Pigg	

Student members attending included:

Russell Johnston	Darren Sternadel
------------------	------------------

1. CALL TO ORDER & AGENDA

President Tanya Burton called the meeting to order. All were welcomed to the meeting.

2. NEW BUSINESS

2.1 UPDATED SENATE BILL 920 AND 12

President Tanya Burton asked if everyone was familiar with the updated Senate Bill 920 and 12. The Texas Board of Nursing approved and it was signed by Governor Abbott, to amends Senate Bill 920. School nurses do not have to have orders to give over the counter medicine. If the student has a prescription medicine, the orders are on the label of the

Minutes of the February 11, 2026 Meeting of the School Health Advisory Council (SHAC)

bottle. This is a positive change. Schools and their staff are immune from civil liability and administrative disciplinary action when medications are administered in compliance with law and district policy.

2.2 AMERICAN HEART MONTH

February is American Heart Month. President Burton has not heard back from the lady with Kid's Heart Challenge. She will try to visit with them in March while attending a nursing conference. Would teach kids CPR and basic information like calling 911.

2.3 NATIONAL CHILDREN'S DENTAL HEALTH MONTH

President Burton is in communication with Smiles in Schools program. Plans are to include Junior High next year with this program. A new dentist will begin on March 16 and they will begin to schedule schools in early May.

2.4 FLU SEASON

Flu, Covid and Strep are running through the schools. President Burton is pushing all kids to wash hands properly. She is encouraging all students to use plenty of soap and wash under water for a short period of time.

2.5 NATIONAL NUTRITION MONTH

March is National Nutrition Month. President Burton will hang some posters to make the students aware. Would like to find out about programs that would encourage kids to learn more about nutrition.

3. ADJOURN – President Tanya Burton

The meeting was adjourned by President Tanya Burton at 3:55 p.m.
